Article 37. Voted by voice vote on motion made by H. Claude Mowry and supported by Wayne Winn to ask the Selectmen to enter an Article in next year's Warrant "To see if the Town will vote to have a professional group evaluate the property of the Town and vote to appropriate sufficient funds to pay for such evaluation." The Moderator declared the vote carried in the negative and therefore did not pass.

Clifford Emery asked if the Selectmen could mail copies of Town Reports to tax payers.

H. Claude Mowry, not satisfied with the voice vote on his motion for evaluation of property, asked for a show of hands. This resulted in 55 votes for "Yes" and 59 votes for "No". The Moderator declared the vote still carried in the negative and therefore did not pass.

George Marrow moved that the Board of Selectmen invite Winthrop Faulkner to work with them to review method of listing and make his recommendations. This did not pass as it was felt that in electing the Selectmen we had confidence in them.

Robert Woodman suggested that the Planning Board should bring in some ideas for Development.

At nine o'clock in the afternoon the Moderator declared the Polls closed for voting and a count of Ballots Cast resulted as follows:

REPORT OF BUILDING INSPECTOR

In 1970 Chesterfield continued to show growth. Seventeen permits were issued for new homes as of thirteen in 1969. Five summer cottages compared with three in 1969. Two less trailers were located here than in the previous year; we had three. Your inspector looks for an increase in this department the coming year due to the restrictions put on them in the neighboring towns.

A study of Chesterfield's growth the past five years should be very interesting to all of us. Seventy-two new homes have been erected for permanent living; thirteen new trailers for this purpose. This makes eighty-five new families. To the school board—we salute you for managing the problem as well as you have. May the next five be prepared for as well.

We now look to our major industry—recreation. A sharp decline in the construction of summer cottages is noticeable; only twenty-four in the past five years. At present about forty-six percent of taxable property is now non-resident. It was over fifty percent. Here again I congratulate the school board—I had not mentioned nearly forty summer homes that have gone into the permanent resident class. Well over a hundred new families. You do have problems, don't you?

To all of you, growth, which we must accept with rising cost of living, are causing you trouble taxwise. Oh, where is our broad based tax?

In closing, I have only briefly touched on our problems, and I want to say to everyone—get into the picture and preserve some land for the ecology of our town, as well as well as for your grandchildren, before it is too late. A few years more may be too late. The present statistics give us the picture.

Respectfully submitted,
George E. Joslin
Building Inspector

REPORT OF CHESTERFIELD LIBRARY

1970 at the Chesterfield Library has seen two new services being offered. From October 1 to May 1 the Library is now open 2 days a week. Tuesday and Thursday 3 to 8. Beginning in October, a film program for children has been offered once a month. These have been eagerly received by the children.

Circulation for 1970 is:

Adult	2930	Non-Fiction	785
Children	3960		
		Total	7675

Many new faces are appearing at the library and this is a hopeful sign.

We appreciate the books that have been given to the library. Like everything else, the cost of books is rising. Overdue and lost books continue to be a problem. A drop slot has been added to the front door which means books can be returned at any time.

The State Bookmobile has continued to serve us and adds greatly to the services we are able to offer you. The Statewide Borrowers card is now in effect and may be used by all those in good standing.

Our hope for the future is an increase in circulation and being able to offer more services to serve you better.

Since it was more than I expected —
But he to whom I raved was calm
And collected. *Arthur Spring*

SCHOOL DISTRICT MEETING

Chesterfield School District Meeting
March 8, 1970

The Moderator called the meeting to order at 10:00 a.m. and the Clerk read the Warrant through Article I. The Moderator, Harry E. Winn, then declared the polls open for balloting for the necessary school district officers.

Prior to the meeting, Jean Hubner and Agnes B. Chickering were appointed Ballot Clerks by the School Board. They took the oath of office from the Moderator. A count of the ballots showed 494 ballots.

The Moderator appointed Merton Davis assistant Clerk and Gerald Knickerbocker assistant Moderator. They took the oath of office from the Moderator.

At 8:00 p.m. the Moderator again called the meeting to order, and the Clerk read the remainder of the Warrant.

The Articles were then disposed of as follows:

James E. O'Neil moved the adoption of the following resolution: Whereas; Anna Hubbard served this community faithfully and diligently as a school board member and ballot clerk of the school district: Be it resolved that the voters of the school district hereby gratefully acknowledge her long and faithful service to the children and citizens of Chesterfield by dedicating this meeting in her memory. Seconded by Wayne Winn. Motion carried in the affirmative; unamimously.

Article 2. Ann Knickerbocker moved that the reports of agents, auditors, and officers be adopted as printed in the Annual Report. Seconded by Carl Johnson. Motion carried in the affirmative.

Article 3. George Joslin moved that the district accept the provisions of Public Law 89-10 (Elementary and Secondary Education Act) and that the district appropriate such funds as may be made available to the district under said Federal Act for such particular projects as may be determined by the school board. Further that the school board be authorized to make application for such funds, and expend the same for such projects as it may designate. Seconded by Agnes B. Chickering. Vote on the motion declared by the Moderator to be carried in the affirmative.

Article 4. Winston Cray moved that the district authorize the school board to make application for and to accept and spend in the name of the district such advances, grants in aid or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government, the State of New Hampshire, or any department or agency thereof, or any federal, state or private agency. Seconded by James E. O'Neil. Vote on the motion declared by the Moderator to be carried in the affirmative.

Article 5. James E. O'Neil moved that the district establish an Authorized Regional Enrollment Area (AREA) School Planning Committee in accordance with R.S.A. 195-A:3 as amended, said committee to consist of three qualified voters of whom at least one shall be a member of the school board. Further that the committee so established be appointed by the Moderator. Seconded by George Joslin. Vote on the motion declared by the Moderator to be carried in the affirmative.

The Moderator appointed H. Claude Mowry, Gerald Knickerbocker and James E. O'Neil to this committee.

Article 6. Lillian B. Lane moved that the district authorize the employment of a Teacher Consultant for New Hampshire Supervisory Union No. 29 as provided in R.S.A. 186:11 XII and XXIV as amended. Seconded by Clara B. Wellington. Vote on the motion declared by the Moderator to be carried in the affirmative.

Article 7. James E. O'Neil moved that the district raise and appropriate the sum of $319,643.00, for the support of schools, for the payment of salaries for school district officials and agents, and for payment of the statutory obligations of the district. Seconded by Arvid Pearson. Vote on the motion declared by the Moderator to be carried in the affirmative.

Article 8. No business was brought up under this Article to transact any other business that may legally come before this meeting.

Voting on all of the Articles having been concluded, the Moderator recessed the meeting at 8:20 p.m. There were 43 citizens at the meeting.

The checklist of voters was used. A count of the ballots resulted as follows:
Number of votes cast 69.

For Moderator for the ensuing year; Harry E. Winn had 63 votes; Carl A. Johnson had 1 vote and Norman

Amidon had 1 vote. The Clerk declared Harry E. Winn elected Moderator for the ensuing year. He took the oath of office from the Clerk.

For School Board Member for three years; James E. O'Neil had 66 votes; William Mitchell had 1 vote and Gerald Knickerbocker had 1 vote. The Moderator declared James E. O'Neil elected a member of the School Board for three years. He took the oath of office from the Moderator.

For Clerk for the ensuing year; H. Claude Mowry had 64 votes; and Jean Hubner had 1 vote. The Moderator declared H. Claude Mowry elected Clerk for the ensuing year He took the oath of office from the Moderator.

For Treasurer for the ensuing year: Ann Bevis had 21 votes; H. Claude Mowry had 8 votes; Carl Johnson had 2 votes; Paul Penning had 2 votes and there were several scattered votes. The Moderator declared Ann Bevis elected Treasurer for the ensuing year. She took the oath of office from the Moderator.

For Auditors (2) for the ensuing year: Prudence S. Mitchell had 59 votes and Ann M. Knickerbocker had 32 votes. The Moderator declared Prudence S. Mitchell and Ann M. Knickerbocker elected Auditors for the ensuing year.

Agnes B. Chickering moved that the meeting be adjourned. Seconded by Gerald Knickerbocker. Vote on the motion was declared by the Moderator to be carried in the affimative.

The meeting adjourned at 9:25 p.m.

SCHOOL WARRANT

To the inhabitants of the School District of the Town of Chesterfield qualified to vote in District affairs:

You are hereby notified to meet at the Chesterfield Central Elementary School in said District on the 6th day of March, 1971, at 3:00 o'clock in the afternoon to bring in your votes for the election of the school district officers. The polls will be open not later than 3:00 p.m., nor close earlier than 9:00 p.m.

Article 1. To choose all necessary school district officers:

A Moderator for the ensuing year.

A clerk for the ensuing year.

A member of the school board for the ensuing three years.

Auditors for the ensuing year.

A treasurer from July 1, 1971, for the ensuing year.

Article 2. To hear the reports of agents, auditors, committees, or officers chosen and pass any votes relating thereto.

Article 3. To see if the District will vote to authorize the school board to make application for, and to accept and use in the name of the District such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government, the State of New Hampshire, or any department or agency thereof, or any federal, state, or private agency.

Article 4. To see if the District will vote to raise and appropriate the sum of $8,000.00 to provide for the services of a "resource teacher," and suitable instructional materials and to authorize the Board to effectuate the purposes of this article.

Note: This special instruction will assist several children who have learning disabilities, either of serious or minor nature. The teacher employed will have special training and skills. The anticipated income from state and federal funds is $4,200.00, thus reducing the local tax cost to $3,800.00.

Article 5. To see if the District will vote to establish a Building Committee composed of not more than seven members, four appointed by the moderator, and the three members of your school board.

Note: Increasing school enrollments necessitate the use of the cafeteria, all purpose room, for a classroom during 1971-1972. There are other school room needs which will become more necessary, or desirable as the new Minimum Standards for Elementary Schools become a requirement. Our A. R. E. A. Planning Committee is already working with similar committees of other districts. The special Building Committee proposed can work together to develop a complete report with recommendations and alternatives.

Article 6. To see what sum of money the District will vote to raise and appropriate for support of schools, for the payment of salaries for school district officials and agents, and for payment of statutory obligations of the District.

Article 7. To transact any other business which may legally come before this meeting.

Given under our hands at said Chesterfield this 5th day of February, 1971.

SCHOOL LUNCH PROGRAM

The Hot Lunch Program opened September 8, 1969 with Mrs. Sylvia Thompson as manager and Mrs. Marion Berry as her assistant.

The reimbursement rate from Federal Funds remained at four cents through February and then rose to five cents for each Type A lunch served to children. Surplus Commodities received from the Government made it possible to keep the price for children lunches thirty cents a day. Adults were charged forty cents a day.

Under the Special Milk Program we received four cents reimbursement for each half-pint served through February. From March to June the rate dropped to three cents so the price of milk had to go up one cent making the price five cents a day per child.

About 200 to 250 balanced lunches are served daily.

Menus of the School Lunch Program are made up in advance for the entire month and copies are given to each child and teacher. Menus are also poster in the School's Cafetorium.

Turkey dinners with all the trimmings were served for Thanksgiving Day and Christmas Day.

A new refrigerator was purchased for the kitchen through District Funds. The extra refrigerator was badly needed.

The Chesterfield P. T. A. very generously donated the sum of twenty-two dollars and eighty-five cents for the purchase of forks and spoons.

Your School Lunch Program supplies a great part of a student's daily nutritional requirements. The children were encouraged to try foods never eaten before. This helps them to know and learn to like different foods.

PRINCIPAL'S REPORT

The 1970-71 school year opened on September 8 with 307 students enrolled. The enrollment has subsequently risen to 315.

Despite the large enrollment the number of students in each grade has allowed us to eliminate the mixed grade situation of last year. Some classes are somewhat excessive in size, however (grade 4-32; grade 7-37; and grade 8-35). The projected situation for next year is cause for alarm. In order to continue our current program, we will need thirteen classes; the school has only twelve classrooms. Some means will have to be found to deal with this problem.

Next to space, our most glaring need is for a special education capability. There are many children who need the kind of attention that the conventional classroom teacher is not trained to give. These range from the mentally retarded to children with some kind of learning disability. We have several in our building. My own recommendation is that we hire a full time special education resource teacher.

This year we have begun a revision of our reading program by purchasing new materials in grade 1. After making a study of the reading needs of all our children using standardized testing and other means, we hope to extend the revision through grade 8 within the next two years. We are also giving a good deal of attention to new methods and materials in the teaching of social studies with an eye to implementing much needed revisions soon.

We consider that Science, Math and Language are reasonably up to date for the moment.

We have four teachers new to the building this year; Mrs. Ruth Duigon, grade 2; Mrs. Janet Schlieder, grade 3; Mrs. Kathy Dubois, grade 4; and Miss Virginia Novak, grades 6, 7 & 8 science. Mrs. Joan Hurst has returned after a two year absence to teach junior high school English. I would like to say that we are very happy to have these people with us. The entire teaching staff and aides are doing a commendable job.

Also commendable is the immaculate work of the custodian, Merton Davis and of Sylvia Thompson and Marion Berry who are operating a highly efficient and inviting lunch program.

Title I remedial reading program is once again being ably conducted by Mrs. Doris Parker for needful students in grades 1-5.

Our library has continued to grow with acquisition of new reading books. Using our Title II allotment, we have requested greatly needed refernce materials for the intermediate grades. (4, 5 & 6). Much appreciation has to go to the P. T. A. mothers who operate our library daily. As someone new to the school, I must say that I am quite impressed by their conscientiousness and efficiency.

We would also like to thank the P. T. A. membership for its donation of a controlled reader. It has been most helpful.

As you know this is my first year in Chesterfield. I would like to express my gratitude to the people of Chesterfield, the entire school staff, the school board, and the Supervisory Union #29 administrators for having made the administrative transition so smooth, the school year a success, and my efforts so rewarding.

Respectfully submitted

SCHOOL HEALTH SERVICE REPORT

Chesterfield School District

March, 1970 – December 1970

The goal of the School Health services is to ensure each child good health during his learning years at school. The parents have a prime responsibility for this role, yet the School Health Services function to aid the parents.

Some of the services offered are as follows:

1. Vision screening tests to each student every year.
2. Hearing screening tests to students every two years.
3. Physical examinations by the school physician to first and seventh graders; and those participating in organized sports.
4. Free vaccines at scheduled immunization clinics. These include Triple Toxoid, Smallpox, Polio, Measles, and German Measles.
5. Tuberculosis testing for first graders and School Personnel.
6. Health teaching whenever needed or desired. This includes an annual visit by one of the dental hygienists employed by the state of New Hampshire.

The following summary indicates how some of these services were implemented during the school year:

(1) The number of vision tests done - 455

(2) The number of hearing tests - 143

(3) The number of physical examinations done by Dr. Houpis - 61
A urine test was done on each child receiving the physical exam.

(4) Two immunization clinics were held in 1970. One was on April 24, 1970 to immunize 117 children with the German Measles vaccine. The second was May 26, 1970 where 22 children received immunizations. 5 children received Polio vaccine; 6 received the German Measles vaccine; 4 received the Triple Toxoid Vaccine; 4 received the Diptheria-Tetanus Vaccine; and 4 received Smallpox vaccinations.

(5) A tuberculosis testing program using the Heaf test was conducted on November 9, 1970 with Miss Connie Martin in charge. Sixty-eight people were tested; 20 of these were School Personnel; 28 were first graders;

and 20 were children in Kindergarten. Only 3 people had a positive reaction to the test, but no active cases of tuberculosis were found.

(6) On November 16, 1970, Miss Nancy Gardner, the State Dental Hygienist, came to talk to the children in grades Kindergarten through Grade 5 about dental health.

(7) Orientation Day for incoming first-graders was held May 11, 1970. Twenty-nine children were registered and all were seen by Mrs. Grandin, Dental Hygienist. She gave each child a toothbrush and talked to the parents about each child's dental needs. Nine of these children had physical examinations by Dr. Houpis.

Plans for the future of the School Health Program includes more immunization clinics and an increased intensive health teaching program. These are preventive measures to hopefully decrease the amount of illness seen among the school children.

We want to thank all the parents for their cooperation and all the teachers and other school staff for their patience and assistance.

ADMINISTRATIVE REPORT

We would like to begin our report this year by raising several questions of eductional theory:

1. Is it our job to provide equal educational opportunities for each child, or should we provide education for the needs of the individual child?

2. Is our accountability for the educational success of each child a measurement of his success against a set of achievement standards, or an evaluation of his own personal progress towards self-fulfillment and adjustment to his social enviornment?

3. Does freedom mean permissiveness?

4. Can one learn self-discipline by living in an autocratic enviornment?

5. Do children learn best in the usual building boxes (classrooms), or in a variety of large and small groups?

6. Is it enough to teach the skills of reading, writing, and arithmetic, and convey a fund of knowledge achieved by the adult world?

7. Do our children really need library and guidance services, and opportunities in art, music, physical and health education as recommended by the new Elementary Minimum Standards?

8. Does the school have a task to perform separate from the home and community, or should we all be engaged in the joint task of education?

9. How can we prevent our children from using alcohol and drugs when it is the prevailing habit of many older people whose lives are everyday examples?

10. Does the school district have a responsibility for early childhood education, and for those children who start with many disadvantages?

11. Why should the school provide facilities and services for lunches?

12. Should a school system provide a strong college preparatory program and neglect vocational education?

13. Must we limit our educational opportunities for children because of the lack of dollars in a nation where T.V. and two-car families are the rule, and cosmetic and alcohol sales go higher and higher?

14. Should the responsibilty of the public school system be to pass on the skills and knowledge of past achievement, or does it have a real obligation to help society move into the future?

These are questions currently debated in colleges, by school faculties, and undoubtedly in the homes of our towns. Sooner or later, they will be removed from the realm of theoretical conversation. People in our communities are interested in the stake of our pupils, and are responsible for the quality of education offered. In the next decade, many of these issues will be settled. But, we must deal with practicalities of 1970, 1971 and 1972.

The new supervisory union organization is working well. An organization chart is included in the annual report. A large increase in the budget of the union is primarily to activate a new data processing system. Greater educational and administrative service is promised when we become skilled in translating its potential into reality.

We believe that we have a good faculty. Mr. Edward Donovan is our new principal. He has been successful in two other New Hampshire communiities. He holds a bachelor's degree from the University of New Hampshire, a master's degree from Northeastern University, and is presently taking advanced courses at the University of Massachuetts. Mrs. Kathy Dubois is a 1966 graduate of Keene State College, and has had four years of experience in Westmoreland. Mrs. Janet Schleider graduated from Pennsylvania State University. After raising a family, and having a successful career in a business position, she took additional courses and is now teaching our grade three. We welcome Mrs. Ruth Duigon's return to the Chesterfield area. She has been teaching in Ohio schools, and in Portland, Maine. Mrs. Joan Hurst is again teaching English in our upper grades. She has six years of experience. Miss Novak has the major assignment of science in grades six, seven, and eight. She has taught in Philadelphia, Pennsylvania, and Cornish, New Hampshire, and has a degree from the University of New Hampshire. We feel that it is of great importance to obtain a strong teaching staff.

Your school building is maintained in excellent condition. With the conscientious service of Merton Davis, it is immaculate. We have made several major repairs or improvements: a new furnace, a new roof, painting a portion of the exterior, and replacing the hard surface area by the side entrance.

Your administrators feel that Chesterfield needs specialized instruction for its children with learning disabilities which the regular classroom teacher is unable to provide. An article is included in the warrant to see if the district will provide a resource teacher. A few special education

pupils are sent to Keene on a tuition basis. That district has limited space. We have a great need for the service in our local school.

Again, we have run out of classroom space. The school board will seek the appointment of a special building committee. Next September, we will need to provide a classroom in the all purpose room. Your school population is increasing. The A.R.E.A. Planning Committee is working with committees of the other towns, primarily to see if we should extend the plan to grades seven and eight. Your participation in the solution of our space problems is urgent.

The new budget represents a large increase. Your board and administrators have worked many hours to eliminate all except the necessary appropriations. We will be fortunate if we manage to end the year 1970-1971 without a deficit. At this time the tuition payable exceeds the current appropriation by nearly $5,000.00.

We feel that we must provide a cost-of-living increase to staff. The projected amount is the lowest in several years, just enough to cover the inflated costs of living and barely competitive for employment. We require one additional teacher. The largest increase is in tuition. There are more high school children. Though our tuition is based on the prior year's cost of Keene, the rate has sharply increased. The new budget does not provide for any of the additional staffing and services of the New Hampshire Minimum Standards for Elementay Schools.

We are pleased with our boys and girls, and the day to day operation of our schools. We feel that the citizens of Chesterfield want to provide a high level of education for their children. The new budget will make heavy demands. However, we are confident that you will support it. The values of a community can be best demonstrated by how much it cares for its children.

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

The 1970 forest fire season was a quiet one in this area, quiet in part because of your continued cooperation and favorable weather conditions.

Fires that did occur were, for the most part, caused by debris burning, children and smokers.

The elimination of these three causes of forest fires would drastically change this picture—to bring about this change we make the following suggestions:

1. When the ground is not covered with snow a permit to burn must be obtained from the Forest Fire Warden. This permit covers waste burning, even if in an incinerator, grass burning, as well as garden trash and brush burning such burning is restricted by regulation prior to 9:00 A. M. and after 5:00 P. M. with the following exceptions:
   Commercial or industrial burning is permissible at any time under normal conditions but only with the approval of the District Chief and a written permit from the Forest Fire Warden.
2. Fires caused by children can be prevented only with the complete cooperation of parents in the supervision of their children, keep matches out of reach of children, this action will help to prevent fires and may save a life, the life of your child. Try to explain this to your child, won't you?
3. Forest fires caused by smokers can be reduced in number by the exercise of more care in the discarding of matches and smoking material whether from a vehicle or by a hiker. In all cases, make sure that the butt or match you discard is out, dead out. Smokey says, "Thanks for your help", and invites you to join with him in setting a good example for others in the prevention of fires and the protection of our environment.

Number of fires reported and acres burned:

State	484 fires	244 acres
District	33 fires	32 acres
Town	3 fires	1 acre
